Panama City, Panama (August 1, 2011) – Known across the globe for his distinguished artwork of voluptuous figures, internationally acclaimed Colombian artist Fernando Botero has chosen Trump Ocean Club® International Hotel & Tower® Panama as the first venue in the country to showcase two of his grand masterpieces. These extraordinary monumental bronze sculptures, *Mujer a Caballo* and *Mujer Recostada*, weigh 1.5 tons each and are set to arrive in Panama from the artist’s studio in Pietrasanta, Italy at the beginning of September.

“We are extremely honored by this privilege to be the first and only place in Panama to showcase Botero’s artwork,” explains Roger Khafif, President of Newland International Properties Corp., the developer of Trump Ocean Club®. “Botero exhibits his artwork in very few and select places around the world so we are very proud and pleased to share these beautiful works of art with our residents, guests, and all of Panama” he added.

*Mujer a Caballo*, “woman on a horse” and *Mujer Recostada* “reclining woman” will greet everyone as they arrive to Trump Ocean Club®. Both sculptures will be situated at the entrance of the building; one by the grand fountain by the porte-cochere and the other in the main lobby. *Mujer a Caballo* measures nearly 10 feet high, four and a half feet wide and seven feet deep. *Mujer Recostada* measures approximately nearly five feet high, eight feet wide and four and a half feet deep.
